

Leadership
Sub-committee
Draft "Charge"

As of 12 February 2007

The "Charge" of the Leadership Sub-committee is to identify a means to develop and maintain service oriented community leaders who effectively represent the communities of Clark County in local, state, regional and national environments.

The Leadership Sub-committee will specifically address and develop the following:

- a. The development of core leadership traits, qualities, abilities and skills necessary for the initial development and continued development of community leaders.
- b. The development of a strategy for initial and continued development of leadership skills training for future and current county leaders.
- c. Identify potential training opportunities, programs and processes to enhance the leadership and knowledge of existing and emerging leaders utilizing local and regional educational and developmental resources.
- d. Develop oversight strategies to ensure the ongoing and promotion and continued implementation of the CCSP initiatives.
- e. Develop benchmarks for determining defined levels of success in the development and continued success in short-term, mid-term and long term program applications.
