Reinventing the Wheel

New Models for
Southern Leadership

- Unparalleled comfort with technology and the global economy
- High resistance to politics and corruption
- Unique "regional" tread design
- Exceptional handling of complex community issues
- Available in all styles and colors
- High Performance in maintaining the character and courage to lead

Report on the Future of the South

2003

Southern Growth Policy Board Leadership Objectives

1. Build a broader base of people willing and prepared to assume leadership roles in southern communities, including those from traditionally underrepresented populations
2. Develop courageous, accountable leaders who are guided by ethics, informed by knowledge of economic and cultural change and insistent upon inclusive approaches to community action
